Conservation Reserve Enhancement Program (Power CD)

Program	Cropland Water Savings
Lead Implementer	Idaho Soil and Water Conservation Commission
Other Organizations	Idaho Department of Fish and Game, Idaho Department of Water Resources, Idaho Ground Water Association, Power Conservation District, USDA Farm Service Agency
Project Primary Contact	Chuck Pentzer (cpentzer@swc.idaho.gov)
Project Stage	Implementation
Duration	2006 - 2019

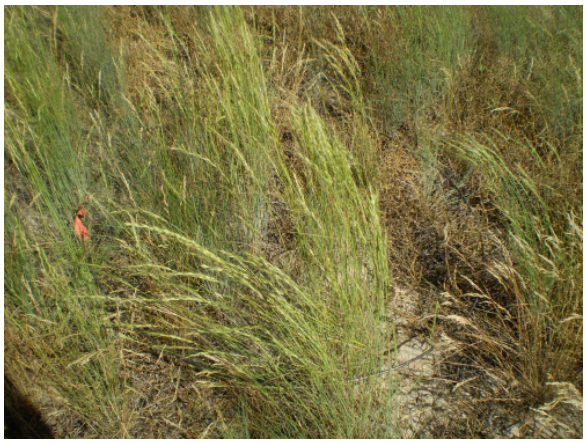
IDAHO SOIL & WATER CONSERVATION COMMISSION

Agricultural Projects & Practices > Cropland Water Savings

The CREP acres enrolled with the Farm Service Agency in Power County aid in reducing consumptive use of groundwater on cropland in the Eastern Snake River Plain. ISWCC staff work with each participant to prepare conservation and seeding plans for establishing and maintaining conservation cover for the 15 year contract period.

In FY 2019, there are currently 6 active contracts on 1,193 acres.

Key Accomplishments/expenditures are cumulative amounts for Power County. See the aggregated CREP project listed under "Conservation Reserve Enhancement Aggregated from 2006 – 2019 (CREP)" for a breakdown of all program funding.



CREP in Power Co.

Key Accomplishments

- Acres Enrolled (Conservation Cover 327): **8,160.00 acres**
- Water Conserved: **16,320 acre-ft**
- Engineering & Technical Assistance Hours Requested: **0**
- Engineering & Technical Assistance Hours Allocated: **0**
- Engineering & Technical Assistance Hours Provided: **258**
- Engineering & Technical Assistance Value: **$16,098.84**

Project Themes

- Agricultural Lands
- Habitat and Species
- Healthy Watersheds
- Soils
- Water

Tracker tells stories at a broad-brush level. Individual project performance measures and expenditures should not be relied upon for complete and total accuracy and should be confirmed with a project's lead implementer. Project locations subject to confidentiality provisions under state and federal law specify the location of a local conservation district or USDA service center office.
