

## Lewis County Forest Health (Lewis CD)

Program	Forest Restoration		
Lead Implementer	Lewis Conservation District		
Funders	Idaho Soil and Water Conservation Commission		
Project Primary Contact	Karol Holthaus (Lewisscd@outlook.com)		
Project Stage	Deferred	Duration	2020
Estimated Total Cost	\$300,500.00	Secured Funding	\$0.00
No Funding Source Identified Yet	\$0.00	Targeted Funding	\$300,500.00

### Natural Resource Projects & Practices ➤ Forest Restoration

This project would work with landowners/operators to identify ways to voluntarily apply needed conservation practices. This funding would help with implementing 200 acres pre-commercial thinning, 100 acres tree/shrub plantings, and 2,000 acres of weed control. It's anticipated to reduce sediment load, prevent or stop the spread of exotic insects and disease, and reduce wildfire hazard.

*No Key Photo provided*

It would encourage producers to properly manage timber stands, and fire zones, while collaborating with public land management agencies in planning and implementing forest improvement practices. Also reduce sediment load, prevent or stop the spread of exotic insects and disease, and reduce wildfire hazard.

#### Targeted Performance Measure

*No Expected Accomplishments provided*

#### Project Themes

- Forests
- Healthy Watersheds

#### Location

#### Budget
